

## **Brown & Kysar, Inc. Engineering Scholarship**

---

Date: March 1, 2019

To: To all applicable students

From: Scott M. Lindsay, CEO

Subject: Scholarship for 2019-20 academic year

---

Why is Brown & Kysar, Inc. (BKI) offering an annual engineering scholarship?

- We want to encourage more students to get into the utility business as there is a shortage of engineers in the industry.
- We see this as a way to help grow great people dedicated to giving back to public power communities.

Purpose of Scholarship	To further engineering education in the Pacific Northwest
Award Amount	<b>\$2,500</b> (1 scholarship) for 2019 - 2020 academic year
For whom	All engineering students presently enrolled in colleges or universities in Oregon and Washington; all engineering disciplines are eligible to apply
Eligible use of funds	Tuition, books or other expenses related to engineering studies, reimbursed to the student (receipts for expenditures)
Application deadline	<b>June 28, 2019</b>
Award announcement	July 26, 2019
Application process	Apply through <a href="http://theWashBoard.org">theWashBoard.org</a> Search for "Brown & Kysar, Inc. Engineering Scholarship"

# Brown & Kysar, Inc. Engineering Scholarship

## APPLICATION FORM

Questions	Answers <sup>1</sup>
Student name	
Name of College or University	
Degree being pursued	
At what level are you in your studies	
Average college GPA (Please attach transcript for the past year)	
Why do you want to be an engineer?	
Explain the importance of your degree in today's society?	
How could your degree contribute to supporting communities (Consumer-Owned Utility communities) in the Pacific Northwest? <sup>2</sup>	

<sup>1</sup> Please attach additional sheets as desired.

<sup>2</sup> Your aspirations do not need to include serving consumer-owned utilities, as long as there is a potential of that support.

**Note:** Consumer-Owned Utilities are utilities owned by their customers, either directly or through a unit of government. Both public power systems -- Municipals (Munis), Public/People's Utility Districts (PUDs) and Joint Action Agencies (JOAs) -- and rural electric cooperatives (Coops) are referred to as consumer-owned utilities. These utilities operate on a non-profit basis and their rates and policies are set by local governing boards.

***Serving small to mid-sized public utilities in the Pacific Northwest***
